

**Asset Management - Institutional Sales
Summer Internship
Frankfurt
Ideally starting in July**

J.P. Morgan Asset Management is one of the world leading asset managers. On behalf of institutional and private investors we manage a volume of asset of approximately 1.3 trillion US-Dollars (31/12/2010). Since 1989 we operate a local subsidiary in Germany. With assets under management (AUM) of more than 15 billion US-Dollars (31/12/2010) and a strong local presence, we are meanwhile one of the biggest foreign asset managers in the German market. Our commitment to our clients is our profound expertise of more than 130 years market experience, a broad range of first-class investment solutions, and our distinctive service.

Currently we are looking for a highly motivated person, who would like to join/support our local Institutional Sales Team in Frankfurt for a 3-4-months internship.

Your tasks:

- Project work with portfolio management groups
- Prepare analysis of competitor products, clients, markets and press releases
- Prepare presentations
- Help in day-to-day work
- Assist the team in reporting tasks
- Update client databases
- Assistance in organizing events
- Detailed Internet research
- Project-related tasks

Prerequisites are:

- Studies of Business Administrations, Economics, Finance or similar, preferably graduates 2012
- Strong affinity to financial markets / focus on finance
- Experience in financial markets and project work
- Strong quantitative (financial mathematics) and Excel skills, PowerPoint, Bloomberg
- Ambitious, hard-working, driven and capacity to show initiative
- Attention to detail
- Reliability and team-player personality
- Fluency in German and English is essential
